## PROFILE

Aspiring computer science student passionate about building creative and impactful web solutions. Skilled in combining technical development with design thinking to deliver efficient, user-friendly applications. Eager to learn, grow, and contribute to modern technology teams in MNCs or through GATE-driven PSU opportunities.

## EDUCATION

2024 - 2028

### Bachelor of Computer Science

GTB4CEC | GGSIP University

**CGPA:** 9.0 (Last year)

**Key Coursework:** Data Structures, OOPs, Web Development, Operating Systems

## PROJECTS

### Savariya Groom Selection Website

OCT 2025

Designed and developed a promotional website for a local groom wear store to showcase Sherwanis, Indo-westerns, and accessories. Focused on responsive layout and smooth navigation for better customer engagement.

**Technologies Used:** React, Tailwind CSS, Canva (for visuals)

### Blog Website

JAN 2024

Developed a responsive blogging platform where users can view categorized posts and navigate through modern UI sections. Implemented animations and interactive elements for better readability.

**Technologies Used:** HTML, CSS, JavaScript

### Portfolio Website

NOV 2025

Created a personal portfolio to showcase projects, skills, and achievements. Used gradient themes, Tailwind CSS and mobile-friendly look.

**Technologies Used:** HTML, Tailwind CSS, JavaScript

## ACHIEVEMENTS & HACKATHONS

Completed many frontend web projects & participated in many hackathons. Active member of tech and design clubs at college.

Exploring AI, UI/UX, and software development continuously.

Recognized for creative portfolio design and innovative project ideas.

## INTERESTS

Tech innovations, UI/UX design, video editing, and solving real-world problems through code and apart from tech I have interest in story writing and content creation too.
