- Google Colab

PROFESSIONAL EXPERIENCE

Vault Of Codes | Web Developer Intern

Currently Ongoing

- Contributing to assignments given to me for website development and handling, using React, web dev tools and REST API integration for responsive, dynamic UI components.
- Collaborating remotely with the development team using Git-based version control workflows.

IBM Edunet Foundation | Frontend Web Development Intern

August 2025

- Built responsive web pages using HTML, CSS, and JavaScript, applying modern UI design principles.
- Strengthened problem-solving skills through hands-on frontend projects.

Savariya Groom Collection | Website & Social Media Support

June 2026

- Developed and maintained a responsive business website for showcasing their products and contact info.
- Managed product content and improved the shop's online presence.

RKCE | Website & Digital Promotion Support

May 2025

- Managed website content and supported SEO and digital promotion activities to improve online visibility.

InternsElite | AI Development Intern

September 2025

- Developed AI-based applications in Python, including face recognition and emotion analysis features.

PROJECTS

BeSocial (MERN Stack)

[\[GitHub\]](#) [\[Live Demo\]](#)

- Built a full-stack social networking platform with JWT-based authentication (login/logout) and secure session handling.
- Implemented user profile editing, image-based post creation, and a like/comment system with real-time UI updates.
- Designed RESTful APIs in Node.js/Express with MongoDB for data persistence, and a responsive React frontend styled with Tailwind CSS.

CareerHelp AI | Kaggle Capstone Project

[\[GitHub\]](#) [\[Live Demo\]](#)

- Built an AI-powered platform for internship recommendations and career guidance.
- Integrated AI APIs and developed a responsive dashboard.

CERTIFICATIONS & ACHIEVEMENTS

- MERN Stack certification - KnowledgeGate
- TCS iON Career Edge – Young Professional & AI Training Certification (InternsElite)
- Solved many DSA problems on LeetCode
